With this grant we will be able to expand upon our Crusaders for Good Health program. In this program we can now focus on educating our students about proper dental health and encourage healthier eating. We will hold some various programs throughout the school year including:

- Educational visits from a dentist to discuss dental health and the importance of starting this care at a young age.
- Hands on healthy cooking classes from West Virginia Northern Community College for our middle school students.
- Partnering with a Dietitian from Wheeling Hospital to come teach our students about eating right and the effects of sugary drinks and bad snack choices.

MISSION STATEMENT
The mission of Corpus Christi School is to provide meaningful learning experiences so that students can grow spiritually, socially, intellectually, and emotionally in a Christian atmosphere. Students will demonstrate the Good News of Jesus Christ through: …Faith community experiences…Academic excellence…Quality Religious education.
